Phone:	Phone:
Proposed Start Date:	Proposed Completion Date:
Liability Insurance:	
Machinery/Equipment Utilized:	

Requirements of Permit Holder

This request will be required for any person, firm, corporation, public or private utility, association, or others to temporarily block any portion of a roadway for any purpose. Anyone undertaking such activity shall comply with the following criteria:

1. Submit a diagram with the request showing the area affected with approximate location of safety devices and equipment.
2. All work within the pavement or near the traveled way will require traffic control measures to be used pursuant to the Manual of Uniform Traffic Control devices. These guidelines are strictly a minimum requirement and the City may require additional measures prior to or during construction. These may include additional signing, flagmen, police officers, restrictions on construction hours, etc.
3. A new request shall be required if activities have been delayed for more than two (2) days beyond the proposed start date.
4. The applicant or contractor shall notify the City central communications (865) 983-3620 at least 24 hours in advance of closure/blockage. The same shall be responsible for contacting these departments if delays or extensions are needed.
5. The contractor understands that he will be required to replace paving, curbs, sidewalks, drainage facilities, and utilities that are damaged by his work.
6. This permit shall be kept on site by the contractor.

I hereby acknowledge that I have read the requirements and agree to comply with the criteria.

Signature of Contractor or Authorized Agent
