

Zoning Standards Summary

Department of Development Services

SUBJECT: ZONING STANDARDS FOR THE OAK PARK HISTORIC DISTRICT

REQUIREMENTS BY CITY OF MARYVILLE ORDINANCE, TITLE 14 ZONING AND LAND USE CONTROL

Zoning District [§ 14-209]: The Oak Park Historic District has a large concentration of extant historic structures in the City of Maryville. Since the 1940s, new construction has been limited in the district and it retains much of its original character. In order to preserve and enhance the integrity of this important area of Maryville, design guidelines specific to this district are in place to ensure historically appropriate and compatible construction.

Permissible Uses [§14-210]:

- **Allowed by right:** Only very low single-family detached dwellings are allowed
- **Prohibited uses:** All uses except single-family residential.
- **Mixed uses:** Mixed use development is prohibited in the Oak Park Historic District.
- **Home Occupations:** Allowed by right

Nonconforming Situations [§14-208]: Nonconforming situations that were otherwise lawful on the effective date of this ordinance may be continued.

Density and Dimensional Requirements [§14-214]:

- **Minimum Lot Size:** 16,000 square feet
- **Minimum Lot Width:** None specified
- **Maximum Building Height:** Must be compatible with adjacent structures and shall vary no more than 10% from the average building height along the street on which the structure is located.
- **Primary and Accessory Structure Setbacks:** Setbacks shall be consistent with the maintenance of existing setbacks of adjacent structures and compatible with the massing, scale, size, and architectural features of such structures.

Design Guidelines: The Historic Zoning Commission created two documents to regulate design in Maryville's Historic Districts. *Volume I Required Historic Regulations* and *Volume II Suggested Historic Guidelines* were adopted to regulate design in the Oak Park Historic District.

Both documents can be found in the *Historic Zoning Commission* section of the *Boards and Commissions* page on the City's website at <http://www.maryvillegov.com/boards-and-commissions.html>. All exterior modifications desired for any structure in the historic district would require approval from the Historic Zoning Commission before construction could begin. The Commission meets monthly, and an application for their meetings can be found at the link above.

Design criteria extends beyond the primary structure to include landscaping, demolition, etc. The following list, while not exhaustive, provides examples of items regulated by the Commission:

- Landscaping
- Driveways
- Parking lots
- Fencing
- Lighting
- Foundation walls
- Exterior stairs and staircases
- Windows, including storm windows
- Exterior shutters and blinds
- Siding
- Roof forms and roof materials
- Chimneys
- Ornamentation
- Paint
- Awnings
- Height
- Setbacks
- Rhythm
- Building materials
- Building relocation
- Demolition
- Porches and their associated components and configurations
- Entrances and their associated components including handicap ramps
- Exterior doors, including screen doors and storm doors
- Ancillary equipment such as HVAC, satellite dishes, solar panels
- Recreational structures
- New construction, reconstruction and building additions

Signs [§14-218]: A permit is required for signs. See ordinance for more complete information or contact Jillian Love, 273-3502, jilove@maryville-tn.gov.

- Signs not exceeding 4 square feet in area that are customarily associated with residential use and that are not of a commercial nature are allowed and do not require a sign permit. Examples include: (i) signs giving property identification names or numbers or names of occupants, (ii) signs on mailboxes or newspaper tubes, and (iii) signs posted on private property relating to private parking or warning the public against trespassing or danger from animals.

Site Plan Review [§14-212]:

- Before a property can be used for a new or changed use, the owner, agent, or buyer under contract must obtain a zoning permit or special exception permit.
- Before physical improvements can be made to any property, with noted exceptions, the owner, developer, or agent must obtain site plan approval and the required construction permits.
- Before physical improvements can be made to a proposed subdivision, the owner, agent, or buyer under contract, must obtain an approved, preliminary plat.
- Before property can be subdivided, the owner, agent, or buyer under contract must obtain an approved, final plat.

This information is provided as a summary only. For specific requirements for a particular property, please contact the Development Services offices.
