

Maryville Fire Department Mission Statement

Our Vision:

To serve the community with innovation, responsiveness, knowledge, and professionalism.

And Our Values Being Based Upon the Fact that:

We are accountable to those we serve. We resolve to be role models in the community to take the fire department to the highest level of service through teamwork, technology, and training. To recruit and retain a well trained diversified team who are proactive in providing quality service.

And with a Commitment to:

Provide aggressive public fire education to ensure our community is aware of the risks and to work with them to reduce those risks. We encourage change to ensure we maintain a high level of development in operations, training, wellness and education. We are committed to community involvement and shared leadership to develop innovative thinking and effective communication at all levels of service to our members and our community.

Our Mission will Always Remain:

**To protect the lives and property of our citizens by
delivery of high quality emergency response, education
and prevention.**
