Solicitation Number: 22-26

Addendum Date: April 13, 2026

Opening Date: April 21, 2026 @ 2:00 p.m. Eastern Time

Total Pages: 1

Questions/Answers:

Q#1: Do you have a projected ballpark purchase quantity? If I base my pricing on the 30ea (required stock amount) and then MED orders over 1000ea throughout the life of this bid, then MED will be penalized due to the sell price being figured on a qty of 30ea and not 1000ea. The opposite would happen if reversed.

A#1: The City of Maryville used 65 of these fixtures in calendar year 2025. We appreciate the option or taking advantage of economies of scale, but we do not have the storage capacity for 1,000 fixtures. We can order up to 165 of these on a single order, as needed. We cannot guarantee any quantity to be purchased over the life of the contract resulting from this solicitation.

Clarification:

C#1: It has come to our attention that the incorrect submittal email address is listed on the mandatory cover page of the solicitation. Please submit your response electronically to COMsealedbid@maryville-tn.gov.

End of Addendum #1.
